PADLEY WOOD VIEW

MORTON

DERBYSHIRE

GREAT
LOCATION

Padley Wood View offers all the beauty of Morton

Although a quaint village, with a population of little over 1,100, Morton Derbyshire holds quite the accolade. If roadsides leading into the area are to be believed, the village is said to be the geographical centre of England, with centre of England being marked by the Oak tree located at the entrance to our development. By choosing Morton as your new home, you can take pride in knowing that you help make up the centre-point of the country.

But, there's more to Morton than that. At its heart, Morton is all about community and a sense of belonging. From the numerous sports clubs through to its village hall events, there is no shortage

of opportunities to become a valued part of the tight-knit culture.

Some of the key features of Morton include its children's playground, cricket club, public houses, village hall, post office, and convenience stores. With all of the standard amenities taken care of within the area, it's an added bonus that Morton further boasts great transport links. A trip into nearby towns couldn't be easier.

There certainly is plenty to discover in this lovely village – if you can peel yourself from the comfort of one of our 1, 2, 3, 4 & 5 bedroom homes in Padley Wood View, Morton, that is!

All this and more awaits you at Padley Wood View!

THREE
GENERATIONS OF
THE WILSON

BUILDING HOMES IN

EACH DAVIDSONS
HOME IS BUILT

NOT A DAVIDSONS
HOME

Building homes not
only for you, but for
generations to come.

*That's the Davidsons
difference.*

Davidsons Homes has been born out of a long standing family tradition, with Albert Wilson starting to build homes in the early part of the last century; that's why the foundations are so strong. Albert Wilson built homes and a great company on the grounds of fantastic attitudes and values, becoming a highly respected major national house builder and one of the industry's best known names over the 60 years he worked. The brand was then acquired by an international construction group, but the

traditions lived on when the family decided to start Davidsons Homes, building for the generations to come. With a Davidsons home, the values and commitment to build desirable places to live still remains. A new, fresh and experienced team still believe in using traditional craftsmen, but also the most innovative technology and construction methods to produce the final product. A home with style, efficiency and sustainability for generations to come.
