5. **Proportion of Males & Females Receiving a Bonus**

	57.8%	86.9%
6. **Quartile Salary Range Banding**

	Male	Female
Upper Quartile	77.4%	22.6%
Upper Middle Quartile	75.8%	24.2%
Lower Middle Quartile	64.5%	35.5%
Lower Quartile	49.2%	50.8%

The data shown is based upon a snapshot date which is not truly representative of the actual way we remunerate members of staff given different contractual circumstances and remuneration payment dates. Whilst as a business we currently employ less women than men we are confident that both men and women are paid equally for performing equivalent roles across our business.

I confirm the data reported is accurate.
